

regional anesthesia

Dear customer;

We have made all innovations in quality and product development stages in line with the feedback and suggestions of our valuable users. We would like to take this opportunity to thank our esteemed Turkish doctors for their contributions; hope to receive your support, suggestions and criticism with sensitivity.

About 40 years of experience in the sector as a manufacturer with the highest quality, TMT Tibbi Medikal Malz. San. A.Ş. has gained an important share in the international market as well as in our country in a short time. We are proud to have gained the rightful trust in nearly 100 countries all over the world with the **egemen**[®] brand.

Societies that want to live well without working, getting tired and producing are doomed to lose their dignity first, then their freedom and then their independence and future.

Spinal Anesthesia Needles

*Optional 25G-26G-27G-29G

ATRAUCOM®

- Multi-angle grinded tip with special bending
- Extra thin wall
- Atraumatic

PenPen® pencil point

- Perfect conic elliptical bevel enables easy access to desired location, without cutting or causing harm

Filtered Aspiration Cannula
It provides filtration of the anesthetic fluid aspirated from the ampule.

*Optional

QPen® quincke tip

- Quincke bevel shaped and smoothened by using state of the art technology goes into tissues easily.
- While perfect match of stylet and needle bevel prevents tissues to go in the cannula, angular tip prevents tissue damage.
- Crystal clear needle hub enables monitoring fluid flow and helps to keep CSF loss at a minimum level.
- Thin needle wall enables rapid and easy flow.

Premium One Epidural Kit Content

- Epidural Needle "Tuohy" (See the Table)
- Epidural Catheter (See the Table)
- 10 ml Epidural LOR Syringe (See the Table)
- Epidural Filter
- 3 ml Syringe
- 5 ml Syringe
- 18 G Hypodermic Needle
- 25 G Hypodermic Needle
- Catheter Connector
- Catheter Fixing Device
- Filter Fixing Device
- Waste Needle Box
- Sponge
- Transparent Adhesive Surgical Drape

Premium One Epidural Mini Kit Content

- Epidural Needle "Tuohy" (See the Table)
- Epidural Catheter (See the Table)
- 10 ml Epidural LOR Syringe (See the Table)
- Epidural Filter
- 3 ml Syringe
- 5 ml Syringe
- 18 G Hypodermic Needle
- 25 G Hypodermic Needle
- Transparent Adhesive Surgical Drape
- Medical Hydrophilic Swab
- 5x50 cm Plaster
- 10x20 cm Plaster
- Sponge

Epidural Catheters

EPIsoft® soft tip catheter

- Distance marked, radiopaque.
- Special soft tip for preventing dura perforation
- 3 lateral holes

EPIuno^{soft} 6 atraumatic soft tip catheter

- Starting from the end of catheter, the first 40 mm has been thinned.
- 6 lateral holes.
- Special soft tip for preventing dura perforation.
- Distance marked, radiopaque.

EPIuno 6 atraumatic catheter

- Starting from the end of catheter, the first 40 mm has been thinned
- 6 lateral holes
- Distance marked, radiopaque

EPIsafe standard catheter

- Standard tip that does not have the risk of dura perforation
- 3 lateral holes
- Distance marked and radiopaque.

Components

	REFERENCE NO.	
	EPI LOR®	LOR 10 ml LOR (Loss of Resistance) Injector
	EPKTT3	EPIsafe Standard Catheter 20 G 3 Lateral Holes
	EPKTT3S	EPIsoft Soft Tip Catheter 20 G 3 Lateral Holes
	EPIUNO	EPIuno 6 Atraumatic Catheter 20 G 6 Lateral Holes
	EPIUNOS	EPIuno soft 6 Atraumatic Soft Tip Catheter 20 G 6 Lateral Holes
	EPKTT5	FLEXIFIX ® Catheter Fixing Device
	PROFIX	PROFIX ® Filter Fixing Device
	EPYF	EPIFIT 0,2 Micron Epidural Filter
	EGKNTK	Catheter Connector
	KIH	Guide Needle
	FAK1838TP	Filtered Aspiration Cannula
	SPNC	Sponge
	PENSET	Forceps
	EPYFK	Luer Cap
	EPOYE	EPIjet Automatic LOR Syringe
	EPKTTK	Catheter guide
